## COMB. BROKEN

DOTATO DI SPALLIERA COMBO DIVENTA UN'ACCOGLIENTE POLTRONCINA, REALIZZATA INTERAMENTE IN TRACHITE ZOVDINITE. I TRATTAMENTI SUPERFICIALI POSSONO ESSERE DIVERSI; NELLA SOLUZIONE MONOCROMATICA DEL GRIGIO ANTIACIDO, ABBINATO AL TRATTAMENTO DELLE SUPERFICI A PIANO BOCCIARDATO, SI ESALTA LA COMPATTEZZA DELLA PIETRA NATURALE.

ACCOSTANDO IL GRIGIO ANTIACIDO DI COMBO CON LA COLORAZIONE VARIEGATA CALDA DI BROKEN SI CREA UN ABBINAMENTO TRA FORME E COLORI CHE ACCENTUANO LA SINGOLARITÀ DELLA LAVORAZIONE E LE POTENZIALITÀ DEL MATERIALE
